

# Exhibition

The 1<sup>st</sup> International Multidisciplinary Security Conference (IMCS 2016) will include an exhibition component. This will run concurrently with the Conference, Thursday to Saturday, and presents an ideal opportunity for companies, institutions, publishers and supporters of the traditional research and academic community to introduce their security products and services.

You will get logistical support in exhibition and your products and services will be placed directly in front of your target market.

For all enquiries regarding the IMCS 2016 Exhibition, please contact us [here](#).
