

Special Sessions and Poster Presentations

Special sessions and poster presentations are very small and specialized events to be held during the conference as a set of oral and poster presentations that are highly specialized in theme of Security Awareness. The goal of special sessions is to provide a focused discussion on innovative topics on Security Awareness.

All accepted special session papers and poster presentations will be published in a special section of the conference proceedings book, and on CD-ROM support.

Please Note: Special session proposals and poster presentations are accepted until: **March 1, 2016**

Instruction for Poster Presentation

Posters are special sessions for presentations to a larger audience with a topic relevant to multidisciplinary aspects of Security. The delegate will be given 10 minutes slot in which she/he can present research results. Authors present their posters and answer questions. The poster must not exceed the format A0 and font size must be appropriate so that they are readable by the delegates from a distance of 1.7 meter away. The poster must be placed on the board before the beginning of the poster session.

The poster must be printed and brought along to the Conference by the author. The conference may provide a printing service but authors must contact the conference secretariat before the conference dates. All conference session rooms are equipped with a video projector and a computer running Microsoft Windows with Microsoft PowerPoint and Adobe Acrobat Reader.

If you wish to propose a new Special Session or a Poster Presentation please kindly send your proposal to IMCS 2016 Conference Secretariat at info@imcs.org .
